Dear Water4all-er,

Hello again! You may remember us, we are Ashley Youth Group, a group of fifteen 11 to 16 year olds. We have for the last two years run the Water4all project, of which you may have joined us, by drinking only water and eating normally for three days. Over the past two years over 17,000 people have joined with us and drank water for three days and it wasn't easy for most of us!! Thank you for your support. Your letters and words of encouragement have helped and spurred us on to continue to raise awareness that 1.2 billion people in the world have no clean water and that someone dies every three seconds from diseases due to unclean water.

All you signatures for the last two years have been sent to Downing Street before the G8 Summit.

This year the G8 Summit is being held at Heiligendamm in Germany from the 3rd - 6th June. Now wait for it... what we are asking you and your parishioners to do this year is join with us on the 6th June, **one day only** to drink only water, eat normally and to pray for the success of this summit that important decisions are made to aid the plight of those people without clean water. We need you to join us in this act of solidarity as the 2015 millennium goals get nearer. It is more important than ever to show we want something done about this injustice.

Please complete the form attached and return it to us by the 25th May to show us your intention of joining with us. We will once more deliver these to Downing Street.

WaterAid have requested we ask you to visit their web page www.wateraid.org and if possible complete and send a postcard to the German Chancellor about this same issue before the G8 Summit.

Yours sincerely

Ashley Youth Group
